

COMPLETE SOLAR ENERGY SOLUTIONS

 www.truesun.in

ABOUT US

Truesun Energy Solutions, a private limited company, is promoted by veterans in the field of clean energy and finance. The promoters have more than 20 years of experience of working in Renewable Energy, Climate Change and Oil & Gas sector and have served with some prestigious organisations like TERI (The Energy and Resources Institute), TATA Cleantech Capital and IOC (Indian Oil Corporation).

We have successfully completed projects on residential and commercial buildings. Having a highly skilled team and experience of working in the sector, we deliver quality product that helps you reduce your power bills and contribute positively to the environment. We design solar rooftop solutions customised as per our client's preferences- right from site audit to complete installation and commissioning along with support in financing, subsidies, net metering and monitoring.

SOLAR IS A GREAT INVESTMENT

Short Payback Period

Recover your money in 3-5 years and enjoy savings for 25 years

Low Maintenance

Wipe solar panels with wet cloth or just spray water once a month

Environment Friendly

Put less carbon-dioxide emissions into the environment

Plant Life Is 25 Years

Reduced or no electricity bills for 25 years
